

FOR IMMEDIATE RELEASE

Celebrating the Holidays, Orion Industries Offers 1st Limited Edition Christmas Ornament

100% of proceeds go to supporting the mission of Orion

AUBURN, WA (November 6, 2019) – Orion Industries believes that everyone should have the opportunity to work. We offer hope and create paths to employment through building esteem, mentoring, training, education, community services and successful businesses. That has been our mission since 1957! We achieve our mission through training in our world-class aerospace manufacturing business and through community employment services.

To celebrate the Holidays and support our mission Orion is offering its first, limited edition Christmas Ornament. Each is one of 500 ornaments, made using the same precision machining tools, and with the same high-grade aluminum, that we use to make aircraft parts. Parts are produced as part of our program, which provides skills that support Program Participants to secure living wage, long-term, stable, employment in our community. You can see them in action at <https://youtu.be/kIGXWVATesM>.

Ornaments can be purchased with a \$50 donation (plus tax and shipping) and are available at <https://shop.orionworks.org/>. One hundred percent of the proceeds from our Christmas Ornament sales go to supporting the mission of Orion.

From our Orion family we wish you and your family a Merry Christmas, Happy Holidays and a Joyous New Year!

About Orion Industries

Founded in 1957, Orion Industries is a mission-driven nonprofit, providing career pathways and community employment services for individuals who have typically been excluded from the workforce. Orion is a social enterprise that leverages operations in its Aerospace Manufacturing Division to teach people job skills through a combination of classroom instruction and paid training, including mentoring and internship programs. Orion has locations in Auburn, WA and Mukilteo, WA.
